

## ***The CommitClimate Household CO<sub>2</sub> Simulator***

*The CommitClimate Household CO<sub>2</sub> Simulator is an interactive tool created to help you assess and reduce your carbon footprint. With just a few inputs, you can see how your daily choices — such as energy use, transportation, and diet — affect your overall carbon footprint. After completing the calculator you can test different strategies for cutting emissions, to see what you can do to make your lifestyle more sustainable.*

*Ready to act for the climate? Try the simulator today and start reducing your impact!*
